

Summer 2026

Thank you for your continued support and partnership as we build the ImmunOptimize Network. Over the past several months, we've continued to build momentum—reaching 30 participating sites, launching our new website, and expanding opportunities to connect with the Network. Read on for highlights of our recent progress, ways to get involved, and what's ahead as we continue advancing our mission.

Network Momentum

A major milestone for the Network: [30 sites have signed Letters of Commitment](#), formalizing their interest in collaborating on future Network studies. Sites have established a shared commitment to advancing infectious disease research for immunocompromised populations and created a foundation for long-term collaborations.

The participating sites bring together experienced investigators, dedicated research teams, and access to relevant patient populations. By building this network of engaged partners, we are strengthening our ability to efficiently launch and conduct multicenter clinical trials and other research studies as opportunities emerge.

Each circle on the map represents a committed ImmunOptimize Network site, enabling multicenter collaboration that connects specialized expertise, research infrastructure, and patient populations to power future studies.

Explore Our New Website

We are excited to announce the launch of the ImmunOptimize Network website,

[ImmunOptimize.org!](https://immunoptimize.org)

The site serves as a central hub for updates, upcoming events, participating sites, publications, and opportunities to engage with the Network. Visit the website using the [link here](https://immunoptimize.org).

The new ImmunOptimize Network website provides easy access to the latest news, publications, participating sites, and opportunities to get involved.

Join our "ImmunOptimize for All!" Obliteride Team

Join the ImmunOptimize Network in person or virtually at Fred Hutch's Obliteride on August 8, 2026, as part of our team, [ImmunOptimize for All!](#) Whether you ride, run, walk, participate virtually, or volunteer, there are many ways to get involved. There is no fundraising minimum required for virtual participants.

Ready to join us? Register to participate here: [ImmunOptimize for All!](https://immunoptimize.org)

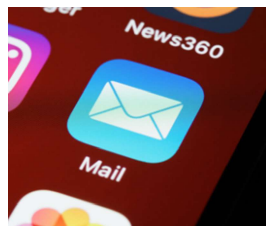

Questions? Email us at: immunoptimize@fredhutch.org

Part of our team, at last year's Obliteride, coming together to support infectious disease research and raise funds for the ImmunOptimize Network.

Thank You, 2026 Obliteride Donors! There is still time to make an impact:
